

RESOLUTION - FUNDING INEQUITIES IN PUBLIC EDUCATION

- WHEREAS,** The State of Delaware, through its equalization program, has failed to solve the problems of the school districts in the state who lack a sound tax base of assessed valuation per pupil; and
- WHEREAS,** These funding inequities deprive students and teachers of the necessary financial support for a good education; and
- WHEREAS,** Only when the State of Delaware attends to commitments for equal opportunity for all pupils and teachers of the state will a resolution to inequities be found; now therefore be it
- RESOLVED,** That every effort and pressure be maintained by the State PTA, and public in general, to encourage state solutions for the inequities in public education.
